

NANCY DREW: THE CREATURE OF KAPU CAVE

User's Manual

You, as Nancy Drew, go to Hawaii to serve as a research assistant to Dr. Quigley Kim. A devastating scourge is destroying the pineapple crop causing residents to whisper that a local research compound has awoken the legendary Kāne 'Ōkālā. Upon arriving, she discovers the camp ravaged with Dr. Kim missing. Coincidentally, the Hardy Boys are also on the Island to complete top secret mission, but it's up to Nancy to uncover this intricate web of mysteries!

Remember to register your game at www.herinteractive.com

MINIMUM REQUIREMENTS

Windows XP/Vista
1GHZ or greater Pentium 3 or equivalent class CPU
128 MB of RAM
1 GB or more hard drive space
32 MB DirectX compatible video card
16 bit DirectX compatible sound card
24x CD-ROM drive
Mouse and speakers

INSTALLING THE GAME

This game requires 2 CDs for installation. Only Disk 1 (Install/Play Game CD) is needed once the game is installed. The installation for most CD players will occur automatically as follows:

1. Please temporarily disable your antivirus program; consult your antivirus manual. Not doing so may cause problems upon installation.
2. Insert the Disk 1 (Install/Play Game CD) into your CD-ROM drive.
3. The installer program on the Disk 1 (Install/Play Game CD) should begin automatically. If it does not start automatically then see the next section below.
4. Follow the instructions on the monitor to install the game.
5. Your game should now be successfully installed! Disk 2 (Data CD) is no longer needed after the installation. You only need to install the game once, but each time you play, Disk 1 (Install/Play Game CD) must be in the original CD player from which it was installed.

If your installer program does not automatically start up:

1. Double-click on the My Computer icon (or browse your My Computer directory).
2. Double-click the CD-ROM drive where you inserted the Disk 1 (Install/Play Game CD).
3. Double-click on the Setup application.
4. Follow the instructions on the monitor to install the game.

The installer program copies certain files from the Disk 1 (Install/Play Game CD) onto the computer's internal hard drive and into a folder named > Nancy Drew > The Creature of Kapu Cave. By default, the files are installed to Program Files. The game program

remembers this folder's name and location on the hard drive. After you install the game, do not move the Nancy Drew folder or its contents.

NOTE: If you choose an installation folder other than the default one, do not choose a folder for a previously installed Nancy Drew game (for example, if you have Danger by Design installed, then do not select >Nancy Drew>Danger by Design as your installation folder.)

PLAYING THE GAME

Put Disk 1 (Install/Play Game CD) in your CD drive. The game should start automatically. If your game does not start automatically, you may start it by double clicking on the desktop icon for the game or by selecting the game from the Start Menu under Programs > Nancy Drew > The Creature of Kapu Cave.

GAMEPLAY OVERVIEW

Go to the Tutorial to learn how to play the game and to see an overview of new game features. To access the Tutorial, click on "New Game". Click on the "Tutorial" option at the top of the screen.

HOW TO UNINSTALL THE PROGRAM

From the Start menu, select Programs > Nancy Drew > Uninstall The Creature of Kapu Cave. You can also use the Add/Remove Programs option in the control panel. The uninstall function will first display a Maintenance dialog which has a remove option. Choose remove to uninstall the game. All the files and shortcuts that were originally installed to the hard drive will be removed except for the game folder and the saved game files inside it.

MORE HELP

Our website, **www.herinteractive.com** contains the latest information on current game issues and answers to commonly asked technical support questions. If you need extra help installing, starting, or running the program, you may contact Technical Support by email at: techsupport@herinteractive.com or by telephone at 425-460-8787 or 1-800-461-8787.

EPILEPSY WARNING

Please read this caution before a video game is used by you or your child:

Certain people are susceptible to epileptic fits or lose consciousness after exposure to flashing lights or light patterns in our daily environment. Such people may have a seizure while watching particular televised images or when they play some video games. This phenomenon may appear even if the subject has no history of previous difficulties.

If you or a member of your family has ever had symptoms related to epilepsy (seizures or loss of consciousness) when exposed to flashing lights, please consult your doctor prior to use.

We advise that parents supervise the use of video games by their children. If you or your child experience any of the following symptoms while playing a video game: dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, immediately discontinue use and consult your doctor.
